October 7, 2021

The regular meeting of the Ontario County Board of Supervisors was called to order at 6:34 p.m. via WebEx on ontariocountyny.webex.com and at 74 Ontario Street, Canandaigua, NY 14424, with Chairman John (Jack) Marren presiding.

The Pledge of Allegiance was led by Supervisor David Baker of the City of Canandaigua.

Upon roll call, all members of the Board were present with Supervisor Frederick Wille declared necessarily absent.

Minutes of the preceding session were approved without being read by motion of Supervisor David Baker, seconded by Supervisor Dominick Vedora; motion carried.

Ontario County Safety Coordinator Sherman Manchester provided an overview on slip, trips, and fall season as it approaches. He noted in the last 27 years there has been a remarkable downward trend in terms of accidents and injuries along with an improvement in safety records. They have had a good rate for their reportable incidents as it compares to reportable injuries in the country. Mr. Manchester reported currently, the number of injuries that they've had in the county and in the total plan has been static. However, they are a little up this year at 12 injuries versus 9 injuries last year at the same time. He noted we have fewer workers working right now than before which causes concern noting the rate intuitively must be going up. His other concern is that a number of seasoned experienced workers with a lot of training have retired or resigned. Now they are filling the positions. He said in the past, the number of recordable injuries has typically been 1 in 4 or 1 in 3 total injuries. He said the last rate for the entire plan was almost 1 in every other injury recordable. He said if this trend continues, they should see another 20 to 30 injuries with an average cost in the thousands of dollars for injuries. He said they would be looking at several hundred thousands of dollars of new injuries from now until the end of the year. He said any injury is unacceptable and 95% of injuries are from unsafe acts. He is concerned about the complacency that plays a role. He said 1 in 5 injuries are from slips, trips, and falls. He said if there is anything that should be addressed such as loose rugs, water on the floor, etc. to please report the problem so it can be fixed or corrected. He asked that that awareness be raised and to really focus on training in the coming months especially as we refill positions.

Public Health Director Mary Beer gave an update on the COVID-19 numbers. She noted they have seen multiple clusters with a very large cluster in Victor schools. Their vaccine rate is up to 73.6%. They are seeing a little bit of slower transmission. She said they have been very busy working with the schools to do testing in the schools. Those staff members who are not vaccinated or do not want to share their vaccine status are mandated to test weekly.

County Administrator, Chris DeBolt gave an update noting from a county operational standpoint, they continue to see sporadic cases within the workforce, but nothing like they have had. They are still utilizing remote work for employees and requiring masks for everybody in the building regardless of vaccination status. They continue to hold the regional control room calls. He has been working a lot with the Sheriff's Department in the last week.

Chairman Marren thanked Supervisor Singer for her support in the box lunch employee picnic.

Chairman Marren granted privilege of the floor to Supervisor David Baker for Maria Bucci, a resident of the City of Canandaigua.

Ms. Bucci said she asked to address the Board because of her concern in what she has read in the news about the Ontario County Sheriff and the Sheriff's Department. She

had many questions regarding the investigations and allegations of wrongdoing and the poor morale in the Department. The following questions were: Why so little transparency? What is the status of the 209 Committee and the timetable for its investigations? What is the County's plan to address morale issues? What is the County's plan to ensure that the alleged misconduct of certain corrections officers at the jail will never happen again? What is the process for appointing an interim Sheriff and its timeline? What is the County Administration's plan to ensure the Sheriff's Department can move forward and fulfill its mission which is to serve a vibrant community where every citizen has the opportunity to be healthy, safe, and successful? Ms. Bucci encouraged each of them to revisit the list of Ontario County's core values and behaviors, and said that therein lies guidance for the way the Sheriff's Office and all the County departments, employees and elected officials should conduct business on behalf of the people.

Chairman Marren granted privilege of the floor to Supervisor Robert Green for A. J. Magnan, a resident of Bristol.

Mr. Magnan said he asked to speak publicly because the County's public safety, specifically, the Sheriff's Department is in trouble. He noted that he felt it was appropriate for the Board of Supervisors to convene a 209 Committee to investigate what actually happened. He said his concern is that nearly all the work done thus far have been in executive session out of the public's eye. Mr. Magnan had many questions such as; Are vacancies due to a "hostile workplace" or are there other reason such as low pay, poor benefits or perceived biases in promotions and advancement? He said he would like to trust the Board and the Administration that the conditions leading up to the Sheriff's resignation was warranted. However, noting President Regan, "Trust, but Verify". Mr. Magnan, noting the County's core values are open and ethical government, asked the 209 Committee, the Board, and the County Administration to commit to making public the actual facts behind the accusations, the underlying testimonies and documents that support those facts, and investigatory conclusions reached by the preliminary investigation when completed.

An email in opposition to the COVID-19 vaccine mandate by Governor Hochul received from Deborah Hosmer, URMIC.

Resolution No. 240 entitled "Accept Resignation – Martin Avila – Town of Victor Representative to the Ontario County Planning Board" received from the Town of Victor.

Autumn 2021 Seneca-Keuka Watershed Partnership.

Happy Tails August 2021 Report received from William Martin, Shelter Director, Ontario County Humane Society.

Receipt of Resolution No. 375-2021 received from Stephen J. Acquario, Executive Director, NYSAC.

Resolutions adopted by count delegates at the New York State Association of Counties 2021 Fall Seminar in Onondaga County received from Marth Sauerbrey, NYSAC President.

NYSRPTL Correction of Errors received from Gary Baxter, Ontario County Treasurer.

Supervisor Todd Campbell, Chair to the 209 Investigation Committee made a couple of statements. The 209 Investigation Committee, by resolution, was tasked to review documents, investigate, or review persons, activities, or operations within the Sheriff's office. The 209 Committee met two weeks ago. They issued subpoenas; they have not received documentation back from those subpoenas. They met again this morning. He thanked all the members of the Sheriff's department and owe them a debt of gratitude for their continued service to the residents of Ontario County and to continuing the operations of the Sheriff's department. In respect to all of the individuals that participated and contributed to being interviewed by the outside counsel and independent investigator, the 209 Investigation Committee will continue meeting every 2 weeks with locations to be determined based on physical space and its availability. Their primary purpose is to begin and continue reviewing all the documentation that they have requested through all of the subpoenas. Supervisor Campbell said this is Special Committee and he will provide updates at the Board of Supervisors meetings every 3 weeks.

Supervisor Kris Singer, Chair to the Economic Developer Search Committee reported they had recommended Sue Vary to take on the position. Since that time, Ms. Vary has declined the position and will remain in the current position she is in. They will not be recommending anyone else at this time. They will be doing a review of the structure of the department and looking at some of the concerns that were brought up that caused Ms. Vary to decline. They feel confident the department can operate the way it is with the staff that is there.

Supervisor Todd Campbell reported on the Alternatives to Incarceration (ATI) Committee. They met on September 20th, and since reported he had sad news to report; their community liaison has passed away. The ATI model continues to carry on even with COVID and through all the treatment reports etc. They are continuing to hit their metrics to continue to receive funding from the state. He noted Ginny Gumaer-Muller will be retiring at the end of this year, so their next meeting will be a little different, giving her a proper send off.

Supervisor Campbell reported on the Campbell Commission noting they met this morning. He said they are looking for ways to spend any opioid settlement dollars. They are aware that Ontario County will be in receipt of some of the funds. One of the things they have been spending a lot of time discussing is the idea of a case worker community liaison; a way to help people transition from and through DSS, jail population, mental health, public health, mental health situations, et cetera. He said they can't afford to have one person fall through the cracks or multi-generational family that they sometimes see within the jail and in our facilities. So they are looking to find ways to create a role that works, not only with the county departments and state agencies, but with some of our partnerships, that will help make sure people are actually moving through all the different stages and taking advantage of all the different opportunities. He said in the past they have been able to put a dollar amount to things brought to the Board, but they cannot tell what a community liaison person is going to save the County. He can only say it will save them money and he know it is the right thing to do. It is a consensus that it should be a county person. Supervisor Campbell reported they will be going through the Police Reform; they are committed to review on a quarterly basis making sure they are keeping on track with that. This will be additional interaction with the Sheriffs department and thanked them for their willingness to work with them on this.

Supervisor Rich Russell offered the following two resolutions as a block and moved for its adoption, seconded by Supervisor Dominick Vedora:

WHEREAS, Ontario County issued a Request for Proposals for services and administration of the plans; and

WHEREAS, VALIC Retirement Services Company represented by AIG Retirement Services Company demonstrated the ability to administer the plans and provide satisfactory service at a lower cost to plan participants; and

WHEREAS, The Ontario County Deferred Compensation Committee has reviewed the proposals that were received and recommends the contract with VALIC Retirement Services; and

WHEREAS, The Ways and Means Committee has reviewed and recommends this contract with VALIC Retirement Services to the full Board; now, therefore, be it

RESOLVED, That upon review and approval by the County Attorney as to form, the Ontario County Board of Supervisors hereby approves a contract with VALIC Retirement Services, 2929 Allen Parkway, Houston, Texas 77019, to provide deferred compensation plan services and administration for the Ontario County 457(b) and 401(a) plans for a term of January 1, 2022 through December 31, 2026 at a cost not to exceed the amount set forth in schedule A; and further

RESOLVED, That the County Administrator be, and hereby is, authorized and empowered to execute said contract and all other documents necessary to effectuate the purposes of this resolution.

The foregoing block of three resolutions was adopted.

Supervisor Singer addressed the individuals that spoke, noting there were a lot of comments regarding transparency and being open. She wanted to reassure them, that once the reports are put together and they are done, the reports will be released and made public. She said during this investigation, just like any other investigation or any other legal issue to protect everybody and to protect the integrity of the investigation is why things remain in executive session.

County Administrator Chris DeBolt announced the retirement of Deputy County Administrator Brian Young on December 31st of this year.

On motion of Supervisor Norm Teed, seconded by Peter Ingalsbe, the meeting was adjourned at 7:25 p.m.
